

CETRAD exhibited at ASK Nanyuki Show from 25th to 27th May 2017 and registered for judging in three different categories. We performed very well under the following categories : "

The Stand That Best Interprets Current Show Theme

", we emerged in position one under sub-category B i.e. (

Education and/or Research

), and awarded as below. We also performed very well in the other two classes i.e. we were in position two in "

The Best Stand in Research and Development

" and position three in "

The Best innovation and Invention Stand

". Congratulations to the team that prepared and participated in ASK Nanyuki Show 2017. In case you missed the opportunity to visit our stand in ASK Show Nanyuki, kindly visit our offices and we will demonstrate to you our competence in research and innovations in Agriculture, water, Information technology, renewable energy, weather & climate, training among other areas.
