

The Conference is the first global conference on the sustainable blue economy, Nairobi, Kenya 26th -28 November 2018. Over 4,000 participants from around the world are coming together to learn how to build a blue economy that:

-

Harnesses the potential of our oceans, seas, lakes and rivers to improve the lives of all, particularly people in developing states, women, youth and Indigenous peoples

-

Leverages the latest innovations, scientific advances and best practices to build prosperity while conserving our waters for future generations

The conference will capture concrete commitments and practical actions that can be taken today to help the world transition to the blue economy.

CETRAD is among the exhibitors and our stand is number 24. You can visit us for more detailed information about us.
